Suppliers of exceptional stone paving, porcelain and ceramic tiles, driven by good design, technical performance and value.

Welcome to Genesis ceramics and stone. We are suppliers of high quality stone paving, porcelain tiles and commercial products. Purchasing ethically sourced products directly from manufacturers allows us to price competitively whilst ensuring we deliver the highest quality products.

WHAT DO WE OFFER?

From contemporary and modern porcelain, to classic and traditional natural stone, our vast ranges from Europe and India ensure there is a style to compliment all settings. Need help deciding the right product for you? Speak to a member of our experienced team, we are here to help.

ETHICAL SOURCING IS A MUST

When sourcing our products, ethical sourcing is a priority. We believe it's our duty to ensure all materials are responsibly sourced and we regularly visit our suppliers to confirm they're adhering to our high standards. Not only can we confirm our product is hard wearing, it is also produced safely and fairly.

ENVIRONMENTALLY CONSCIOUS

Ensuring our tiles are produced sustainably is close to our heart. We ensure that all product we stock is produced and sourced with as little environmental impact as possible. All our products are certified.

Technical Information

VARIANCE

VARIATION

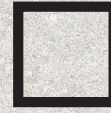

Each tile has its own shade. The degree of shade variation indicates the level of uniformity of the tile colour of a series and ranges from V1 (uniform appearance) to V4 (substantial variation).

RECTIFIED

RECTIFIED

A rectified tile is finished during production, so that all sides are exactly the same size, making the tile uniformed with precision.

NON RECTIFIED

NON-RECTIFIED

A non-rectified tile has not been precisely cut or ground to create a uniform size and straight edges after firing. Instead, it retains the natural, slightly rounded, or uneven edges produced during the manufacturing process.

OUTDOOR USE

OUTDOOR USE

Suitable for outdoor use.

INDOOR USE

INDOOR USE

Suitable for indoor use.

CALIBRATED

CALIBRATED

Stone has been cut to a required thickness on a consistent basis.

Note:

Refer to each manufacturer's instructions for comprehensive guidance, and the current relevant British Standards for your project.

BRAVA GREY

Brava

PORCELAIN

Transform contemporary spaces with Brava—modern stone-effect porcelain tiles available in Bone, Grey, and Off-White. Designed with seamless indoor-outdoor use options available, Brava blends contemporary style with durability, perfect for stylish, modern interiors and exterior living areas.
