## WHO ARE WE?

Welcome to Genesis Commercial Solutions! We are suppliers of high-quality sandstone paving, porcelain tiles and commercial products. Purchasing ethically sourced products directly from manufacturers allows us to price competitively whilst ensuring we deliver the highest quality products.

## WHAT DO WE OFFER?

From contemporary and modern porcelain, to classic and traditional natural stone, our vast ranges from Europe and India ensure there is a style to compliment all settings. Need help deciding the right product for you? Speak to a member of our experienced team, we are here to help!

## OUR CORE VALUES

### ETHICAL SOURCING IS A MUST

When sourcing our products, ethical sourcing is a priority. We believe it's our duty to ensure all materials are responsibly sourced and we regularly visit our suppliers to confirm they're adhering to our high standards. Not only can we confirm our product is hard wearing, it is also produced safely and fairly.

### ENVIRONMENTALLY CONSCIOUS

Ensuring our tiles are produced sustainably is close to our heart. We ensure that all product we stock is produced and sourced with as little environmental impact as possible. All our products are certified.

## TECHNICAL INFORMATION

V4 VARIANCE

### VARIATION

Each tile has its own shade. The degree of shade variation indicates the level of uniformity of the tile colour of a series and ranges from V1 (uniform appearance) to V4 (substantial variation). This is an aesthetic characteristic of natural resources (e.g. marble in nature has a high degree of shade difference, whilst sand is very uniform).

CALIBRATED

### CALIBRATED

Stone has been cut to a required thickness on a consistent basis.

SAW EDGE

### SAW EDGE

Stone has been cut with a saw to create a smooth and clean edge.

TUMBLED

### TUMBLED EDGE

A softer finish on the edge of the stone, more traditional looking.

RECTIFIED

### RECTIFIED

A rectified tile is finished during production, so that all sides are exactly the same size, making the tile uniformed with precision.

HAND-CUT

### HAND CUT EDGE

Stone has been individually cut by hand.

INDOOR USE

### INDOOR USE

Suitable for indoor use.

OUTDOOR USE

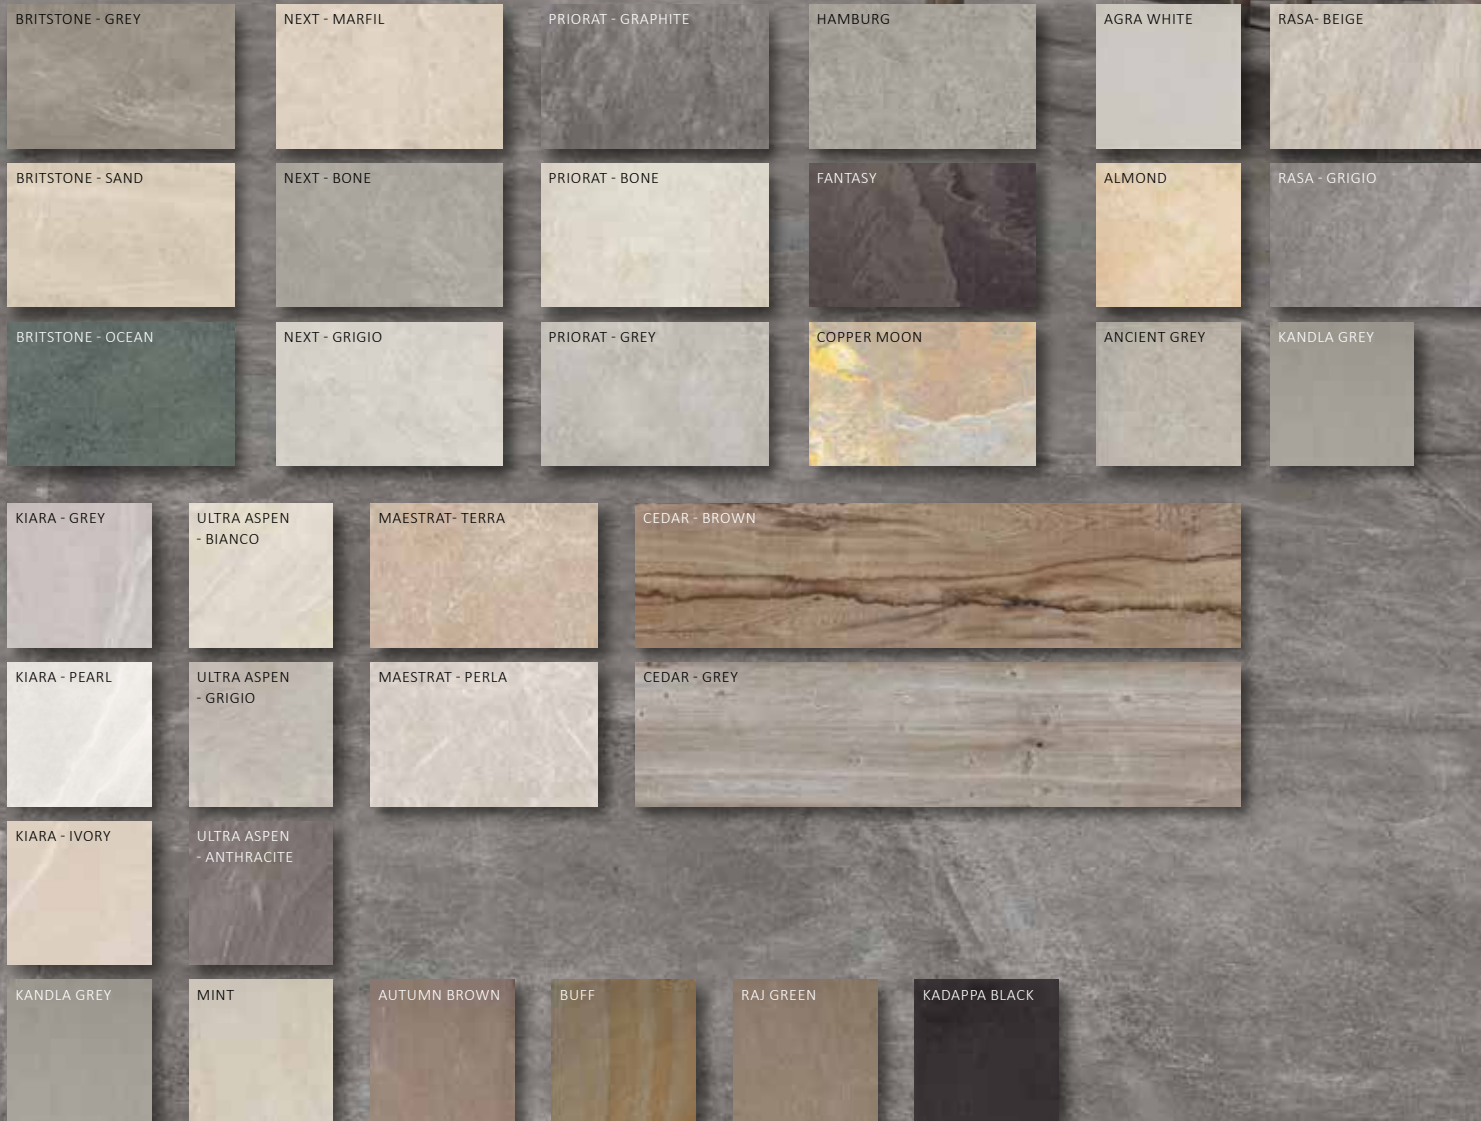

### OUTDOOR USE

Suitable for outdoor use.

#### Note: \*

Refer to each manufacturer's instructions for comprehensive guidance, and the current relevant British Standards for your project.

# PRODUCT RANGES

## PRODUCT RANGES

Carefully selected factories in Europe and the rest of the world with a design for flair and quality that is second to none.
